As part of registration you certified that the hemp seeds obtained for planting are of a type and variety that do not exceed the maximum concentration of tetrahydrocannabinol set forth in subdivision 564(b)(1) of Title 6, chapter 34, and any rule referenced therein, and that registrants may purchase or import hemp genetics from any state that complies with federal requirements for the cultivation of industrial hemp.

A person registered to grow, process, or grow and process hemp for fiber, seed, floral material production, viable seed, or cannabinoids shall not grow more acres of hemp per year than the amount identified in a registration without first notifying the Secretary and paying an additional registration fee if necessary.

You further acknowledged a person registered with the Secretary under this section to grow, process, or test hemp crops or hemp products shall allow the Secretary to inspect hemp crops, processing sites, or laboratories registered under the State Hemp Program. The Secretary shall retain tests and inspection information collected under this section for the purposes of research of the growth and cultivation of industrial hemp. You read the registration form and understood the requirements in it and agree to hold harmless and release the state of Vermont, its officers, employees, contractors or agents from any and all claims, actions, suits, damages, judgments, attorney's fees, or prosecution of any kind, that may arise due to your cultivation of Cannabis sativa L. conducted under authority of this state law-based registration requirement administered by the Agency of Agriculture, Food and Markets.

### Attention

It is unlawful to prohibit the free interstate transportation of this product. The 2018 Farm Bill states: **“No State or Indian Tribe shall prohibit the transportation or shipment of hemp or hemp products produced in accordance with subtitle g of the Agricultural Marketing Act of 1946 (as added by section 10113) through the State or the territory of the Indian Tribe, as applicable.”** The 2018 Farm Bill is an amended version of the Agricultural Marketing Act of 1946.

A reading of this language concludes that through the enactment of the 2018 Farm Bill, Congress expressly contemplated and made legal, the interstate transportation of hemp and hemp products, provided they were produced in accordance with subtitle G of the 2018 Farm Bill.

The contents of this package were produced in accordance with the State of Vermont, The Vermont Agency of Agriculture, Food, and Markets, the United States Department of Agriculture and the Agriculture Improvement Act of 2018, also known as the 2018 Farm Bill.

The United States Postal Service (USPS) requires the following items to accompany hemp products in transit:

- A grower’s registration from the State of Vermont.
- Certificates of analysis from licensed laboratories verifying the delta-9 THC content of the hemp is less than 0.3%.
- A signed document attesting to the contents of each package.

All relevant documentation above has been given to each post office that sends our products. Please call the Post Office of origin from where the package was consigned to confirm this.
